

The Available Data Page (shown below) shows the data (metrics) available to you from the supported apps.

Pressing and holding a metric will bring up that metric's table of dates and data.

Swiping from right to left will run you through all metric's tables.

Swiping from left to right will return you to the Correlation Screen.

Swipe right to left to scroll through all Metrics.

Tap the table at any time to get back to Available Data Screen.
